

Communication & Reporting

CT PTAC uses three domains to communicate by email with clients. If you have a spam filter that allows white-listing, please add the following to your list of allowable domains to ensure you receive all our email.

outreachsystems.com – Informational broadcasts

mybidmatch.com – Government Bid Opportunities

secter.org – Counselor communication

Our Mandatory Annual Survey and Award reporting requests will come by email from ptap@secter.org that includes a link with an automatic login. Please answer the mandatory satisfaction ratings questions and then click Submit. If you have answered the awards question with Yes you will be taken to a screen where you can enter your government awards. If you feel it will take too much time to enter your awards, please contact the Director to make other arrangements to report them.
